

SICE2016

SICE ANNUAL CONFERENCE

September 20-23, 2016

Tsukuba International Congress Center,
Tsukuba, Japan

www.sice.or.jp/sice2016/

Advisory Committee Chair:

(2015 President of SICE)
Satoshi Honda (Keio Univ.)

General Chair

Yasushi Nakauchi (Univ. of Tsukuba)

Program Chair

Tetsuo Kotoku (AIST, Japan)

Tutorial/Workshop Co-Chairs

Eiichi Yoshida (AIST)
Mihoko Niitsuma (Chuo Univ.)

Organized Session Co-Chairs:

Kensuke Harada (AIST)
Takashi Tsubouchi (Univ. of Tsukuba)

Social Event Co-Chairs

Hiroaki Yano (Univ. of Tsukuba)
Takeshi Sakaguchi (AIST)

Exhibition Co-Chairs

Yasumichi Aiyama (Univ. of Tsukuba)
Tamio Tanikawa (AIST)

Publication Co-Chairs

Zhidong Wang (Chiba Inst. of Tech.)
Kazuyoshi Wada (Tokyo Metropolitan Univ.)

Finance Chair

Hiromi Mochiyama (Univ. of Tsukuba)

Registration Chair

Tomoyuki Yamaguchi (Univ. of Tsukuba)

Publicity Chair

Noriaki Ando (AIST)

E-Media Chair

Kenji Suzuki (Univ. of Tsukuba)

Local Arrangement

Hisashi Date (Univ. of Tsukuba)
Masahiko Mikawa (Univ. of Tsukuba)
Yuka Maeda (Univ. of Tsukuba)

Secretariats

Hirotaka Osawa (Univ. of Tsukuba)
Masami Namiki (SICE)
Koichi Suzuki (SICE)

Sponsors (Tentative)

Organized by the Society of Instrument and Control Engineers (SICE)

Technically Co-Sponsored by IEEE Control Systems Society (CSS), IEEE Robotics and Automation Society (RAS), IEEE Industrial Engineering Society (IES), Institute of Control, Robotics and Systems (ICROS), International Society of Automation (ISA), Japan Electric Measuring Instruments Manufacturers' Association (JEMIMA)

1st Call for Papers

The SICE Annual Conference 2016, organized by the Society of Instrument and Control Engineers (SICE), will be held September 20-23, 2016, at Tsukuba International Congress Center, Tsukuba, JAPAN. The SICE Annual Conference 2016 is an international conference covering a broad range of fields from measurement and control to system analysis and design, from theory to application, and from software to hardware. The technical program of SICE 2016 will consist of plenary and invited talks, tutorial courses, and workshops, as well as oral and interactive sessions.

Important Dates

Feb 15, 2016	Deadline of Proposal of Workshops and Tutorials
Feb 28, 2016	Deadline of Proposal of Organized Sessions
March 15, 2016	Deadline of Submission for Regular Papers and Position Papers
June 1, 2016	Notification of Paper Acceptance
July 1, 2016	Submission of Final Camera-ready Papers

Venue

Tsukuba Science City, the conference venue, is located at the center of Tsukuba City, 60 km northeast of Tokyo. Via the Tsukuba Express Line from Akihabara Station in Tokyo, Tsukuba Science City is about an one-hour trip from Central Tokyo. It has about 60 educational and research organizations such as University of Tsukuba, Tsukuba Gakuin University, Tsukuba University of Technology, National Institute of Advanced Industrial Science and Technology (AIST), Japan Aerospace Exploration Agency (JAXA), National Agriculture and Food Research Organization (NARO) National Research Institute for Earth Science and Disaster Prevention (NIED), and High Energy Accelerator Research Organization (KEK).

There are a variety of unique sightseeing spots in Tsukuba Science City. The Tsukuba Expo Center is one of the world's largest planetariums, where visitors can experience the latest in technology and science. Tsukuba Space Center (JAXA), Science Square Tsukuba, and Tsukuba Botanical Garden are also attractive sightseeing spot in Tsukuba Science City. We are planning to hold technical tours visiting the above research institutes for you to enjoy SICE2016.

Paper Submission

The SICE Annual Conference 2016 accepts two types of submissions for review:

Regular paper: Full papers (6-8 pages in conference format) must be submitted for review. The accepted papers will be included in the IEEE Xplore Digital Library.

Position paper: Extended abstracts (2 pages in A4, 800-1000 words) must be submitted for review. Full papers (4-6 pages in conference format) will be required for final camera-ready submissions. This category is provided for authors who want to present a timely review of research, a case study, and so on. This type of paper will not be included in the IEEE Xplore Digital Library.

Both types of papers should be written in English, and will be included in the conference proceedings. An extra charge will apply for every additional page for papers longer than 6 pages. The detailed submission policy is found on the conference web page.

SICE Journal of Control, Measurement, and System Integration (JCMSI) will publish a special issue entitled "Special Issue on SICE Annual Conference 2016" in 2017. Please see the details on the web site of JCMSI (<http://www.sice.or.jp/JCMSI/>).

Organized Session Submission

The goal of organized sessions is to provide focused discussions on a new topic or innovative applications of a new approach. Each session consists of 5-6 papers, which will be reviewed via the normal review process. Both regular and position papers can be included in a session. For session proposals, it is recommended to include a brief statement of the session focus, together with the submission of the individual papers. For further instruction, please visit the conference web page.

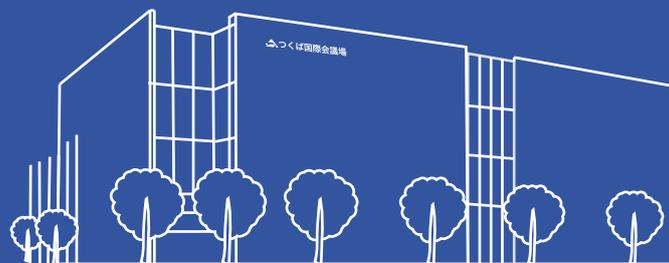

Workshop and Tutorials

Proposals for workshops or tutorials that address technical topics related to control, automation, and systems in general are welcome. We encourage such programs that will attract industrial members, and programs with highly anticipated level of interest, impact, creativity and technical background of presenters. For details, please see the conference web page.

SICE2016
SICE ANNUAL CONFERENCE

September 20-23, 2016

Tsukuba International Congress Center,
Tsukuba, Japan

Topics of the Conference

The conference will be focused on, but not limited to, the following topics:

Measurement

Sensors and Transducers
Signal and/or Image Processing
Identification and Estimation
Opto-Electronic Measurement
Remote Sensing
Mass and Force Measurement
Temperature Measurement
Ultra-High Precision Measurement
Analytical Measurement
Standard of Measurement
Flow Measurement and Control
Networked Sensor System

System and Information

System Engineering
Human-Machine Systems
Intelligent Systems
Autonomous Decentralized Systems
Computational Intelligence
Discrete Event Systems
Social Systems
Hypercomputics
Molecular Robotics
Relationality-Oriented Systems Science
Smart Mobility Systems

Control

Multivariable Control
Nonlinear Control
Robust Control
Adaptive and Optimal Control
Intelligent Control
Computer Aided Design
Modeling, System Identification and Estimation
Process Control
Mechanical Systems Control
Guidance and Flight Control
Power Systems Control

Industrial Applications

Process Automation
Factory Automation
Laboratory Automation
Information Management Systems
SCADA and Network Systems
Manufacturing Systems
Transportation Systems
Micro and Nano Devices
Components and Devices

System Integration

Mechatronics Systems
Robotics and Automation Systems
Human Interfaces
Virtual Reality Systems
Entertainment Systems
Medical and Welfare Systems
Safety, Environment and Eco-Systems
Agricultural and Bio-Systems
Rescue Systems
Simulation of Large Systems
Network System Integration

Life Engineering

Integrative Biophysical Engineering and Informatics
Biological and Physiological Engineering
Electrophysiology and Kinesiology
Ubiquitous Healthcare

Others
