

Call for Papers for the Special Issue on SSI2013

SICE Journal of Control, Measurement, and System Integration (JCMSI)

Call for Papers

SICE Journal of Control, Measurement, and System Integration (JCMSI) announces that it will publish a special issue entitled “the special issue on SSI2013” in January 2015.

The objective of this special issue is to gather high-quality studies in SSI2013 and present their revised/extended/translated versions to all over the world. This is the reason why the issue will be published in JCMSI differently from the previous years.

This special issue focuses on any areas covered in SSI2013 as well as those related to them. That is, the topics of this issue include, but not limited to:

- System Engineering
- Human-Machine Systems
- Intelligent Systems
- Autonomous Decentralized Systems
- Computational Intelligence
- Discrete Event Systems
- Social Systems
- Hypercomputics
- Molecular Robotics
- Relationality-Oriented Systems Science
- Smart Mobility Systems
