

SICE® Systems and Information Division

Technical Committee on Intelligent Systems

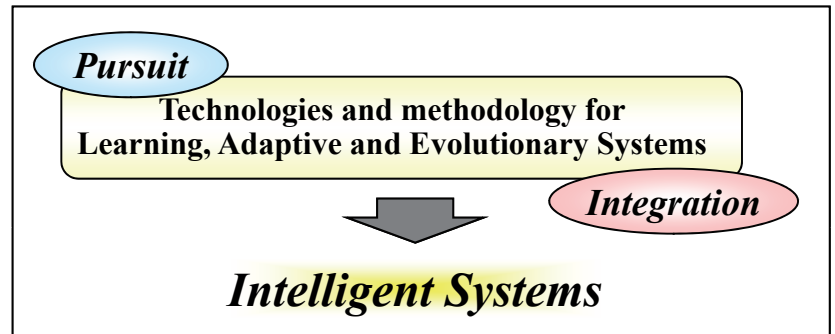

Learning, Adaptive and Evolutionary Systems

Goal

Pursuit of Intelligent Systems through R&D of Individual Technologies and Integration

Strategy

Scientific & Engineering Discussions and Collaborations for Intelligent Systems

Research Areas

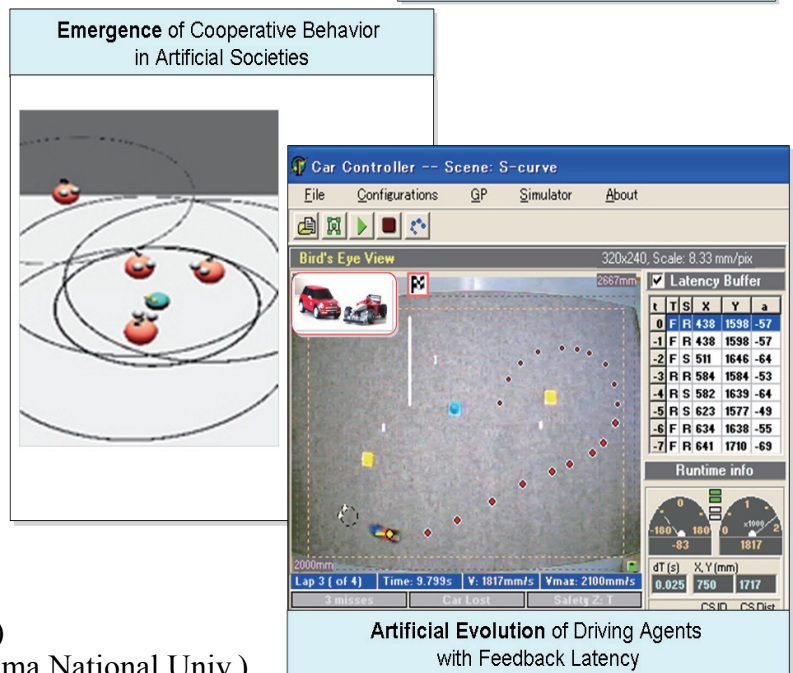

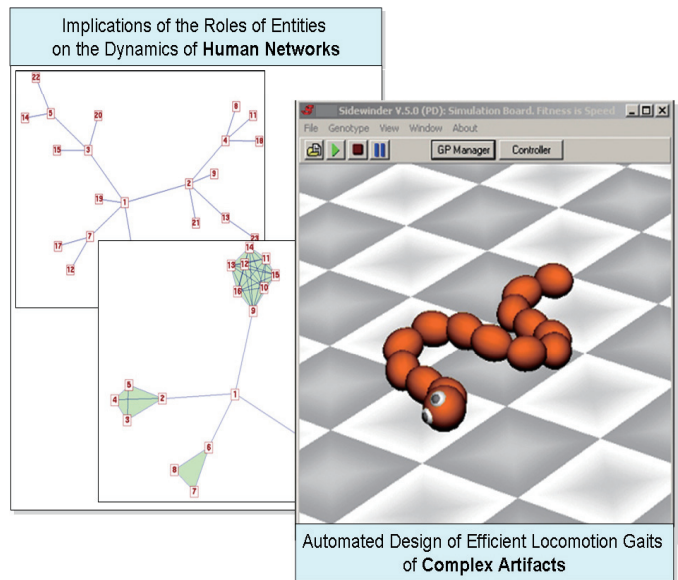

Soft-computing
Artificial Intelligence & Life
Emergent & Social Information Systems

Activities

Intelligent System Symposium (every winter)
Emergent System Symposium (every summer)
SSI Organized Sessions (every autumn)

ICCAS-SICE2009 Organized Sessions

Nexus System Design:
new interaction among humans, agents, and robots
Keiki TAKADAMA
(The University of Electro-Communication)

1. Collaboration with other Technical Groups
2. Boundary Research Region
3. New Frontier Field
