Akita University, Akita, Japan

International Conference on Instrumentation, Control and Information Technology

1st Call for Papers

The SICE Annual Conference 2012, an international conference on Instrumentation, Control, Information Technology and System Integration, will take place in Akita, Japan on August 20-23, 2012. This conference covers a wide range of fields from measurement and control to system analysis and design, from theory to application and from software to hardware. The official language of the conference is English. Novel interdisciplinary challenges transferable between plural fields are especially welcome. The technical program will include Plenary and Invited Talks, Tutorial Courses, and Workshops, as well as Oral and Interactive Sessions. All the presented papers will be included in the IEEE Xplore Digital Library.

Regular Paper Submission

Authors are invited to submit a full paper up to 6 pages of A4 in English. The detailed submission policy is found in the conference web page.

Organized Session Submission

The goal of organized sessions is to provide focused discussions on a new topic or innovative applications of a new approach. Each session consists of 5-6 papers which will be reviewed via normal review process. The proposal is recommended to include a brief statement of the session focus, together with the extended abstract of individual papers submitted. For further instruction, please visit the conference website.

Workshop and Tutorials

Proposals for workshops or tutorials that address technical topics related to control, automation, and systems in general are welcome. We encourage such programs that will attract industrial members, and programs with highly anticipated level of interest, impact, creativity and technical background of presenters. Submission instructions will appear on the SICE2012 webpage.
