General Chair
Yamamoto, Shigeru (Kanazawa Univ., Japan)

Program Co-Chairs
Hiraishi, Kunihiko (JAIST, Japan)
Tanaka, Shinobu (Kanazawa Univ., Japan)

Organizing Committee (in alphabetical order)
Asano, Fumihiko (JAIST, Japan)
Chong, Nak-Young (JAIST, Japan)
Jikuya, Ichiro (Kanazawa Univ., Japan)
Kawai, Hiyori (K.I.T., Japan)
Kawai, Yasuhori (NIT, Ishikawa College, Japan)
Murao, Toshiyuki (K.I.T., Japan)
Naito, Hisashi (Kanazawa Univ., Japan)
Suzuki, Ryuichi (K.I.T., Japan)
Tsuji, Tokuo (Kanazawa Univ., Japan)
Watanabe, Tetsuya (Kanazawa Univ., Japan)

Sponsors (Tentative)
Organized by the Society of Instrument and Control Engineers (SICE)
Technically Co-Sponsored by IEEE Control Systems Society (CSS)
IEEE Robotics and Automation Society (RAS)
IEEE Industrial Engineering Society (IES)
Institute of Control, Robotics and Systems (ICROS)
International Society of Automation (ISA)
Technical Committee on Control Theory (TCCT)
Chinese Association of Automation (CAA)
Japan Electric Measuring Instruments Manufacturers’ Association (JEMIMA)
In Association with The Chinese Association of Automation (CAA)
China Instrument and Control Society (CIS)
Asian Control Association (ACA)

1st Call for Papers
The SICE Annual Conference 2017, organized by the Society of Instrument and Control Engineers (SICE), will be held September 19-22, 2017, at Kanazawa University, Kanazawa, JAPAN. The SICE Annual Conference 2017 is an international conference covering a broad range of fields from measurement and control to system analysis and design, from theory to application, and from software to hardware. The technical program of SICE 2017 will consist of plenary and invited talks, tutorial courses, and workshops, as well as oral and interactive sessions.

Paper Submission
The SICE Annual Conference 2017 accepts two types of submissions for review:
Regular paper: Full papers (6 pages in conference format) must be submitted for review. The accepted papers will be submitted to the IEEE Xplore Digital Library. Normal length for the final manuscript of the regular paper is 6 pages. Papers exceeding 6 pages may be submitted upon payment of overlength page charges. A maximum of 2 extra pages above 6 pages are permitted.
Position paper: Extended abstracts (2-4 pages in conference format) must be submitted for review. This category is provided for authors who want to present a timely review of research, a case study, and so on. This type of paper will NOT be included in the IEEE Xplore Digital Library.
Both types of papers should be written in English, and will be included in the conference proceedings. The detailed submission policy is found on the conference web page.

Organized Session Proposal
The goal of organized sessions is to provide focused discussions on a new topic or innovative applications of a new approach. Each session consists of 5-6 papers, which will be reviewed via the normal review process. Both regular and position papers can be included in a session. For session proposals, it is recommended to include a brief statement of the session focus, together with the submission of the individual papers. For further instruction, please visit the conference web page.

Workshops and Tutorials
Proposals for workshops or tutorials that address technical topics related to control, automation, and systems in general are welcome. We encourage such programs that will attract industrial members, and programs with highly anticipated level of interest, impact, creativity and technical background of presenters. For details, please see the conference web page.

Important Dates (Tentative)
Feb 15, 2017 Deadline of Proposal of Workshop and Tutorials
Feb 28, 2017 Deadline of Proposal of Organized Sessions
March 15, 2017 Submission for Regular Papers and Position Papers
June 1, 2017 Notification of Paper Acceptance
July 1, 2017 Submission of Final Camera-ready Papers
